Sales Tax

Rabin Worldwide is required by law to collect the applicable sales tax on all items sold unless at the time of purchase the buyer provides the appropriate resale certificate, properly completed, together with some identification which proves the individual is in the business of buying and selling such merchandise within the state.

Sales tax will be refunded to out of state buyers when one of the following is provided:

Dealers must provide a properly executed bill of lading showing shipment by a third party carrier to an out-of-state location, designating Rabin Worldwide as the shipper accompanied with a properly completed resale certificate from their state, together with some identification which proves the individual is in the business of buying and selling such merchandise within that particular state.

Where the state allows exemption from sales tax for buyers who runs a manufacturing business which is known to make use of the kind of equipment being purchased, the buyers must also provide proof that the items will be used for manufacturing within the particular state, and a properly executed bill of lading showing shipment by a third party carrier to an out-of-state location, designating Rabin Worldwide as the shipper.

Out of state buyers who are taxable in their state, must show proof that payment of sales tax was made on the merchandise purchased and a properly executed bill of lading showing shipment by a third party carrier to an out-of-state location, designating Rabin Worldwide as the shipper.

As designated shipper, Rabin Worldwide is not responsible for any damages to shipment in-transit or any other expenses related to the shipping.

Buyers from the State of California must provide resale exemption number at the time of purchase to avoid paying California sales tax.

Equipment being used within California is subject to California Use Tax which must be collected at the time of purchase, regardless of the state of purchase.

Without appropriate paperwork, all sales tax must be collected at the time of purchase. However, sales tax will be refunded in full at such time as proper documentation has been provided to the auctioneer.

Cash Payment Of \$10,000 Or Greater

For any purchase paid in cash, with a value of \$10,000 or greater, the buyer is required to complete United States Treasury Department form number 8300. These forms are available from the auctioneer and must be completed and returned to the auctioneer at the time of purchase.
