MODEL 154

Case Style: Style "C" Valance Design – Riveted Construction

Dimensions: **15" L x 10" W x 4" H**

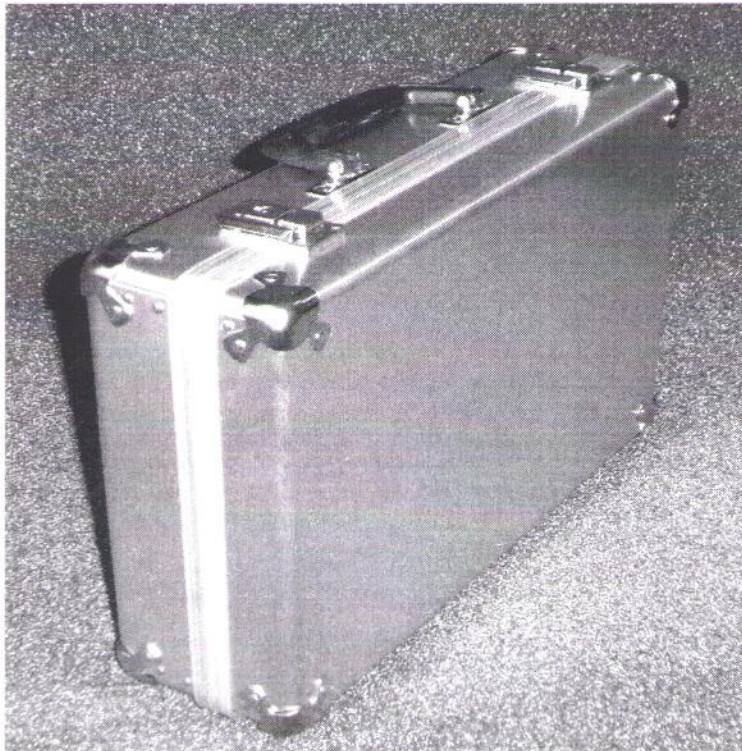

L = left-to-right dimension
W = back-to-front dimension
H = top-to-bottom dimension

Material: .040 5052 H34 (or H32) Aluminum – Satin (Mill) Finish

Features:

- ◇ **Manufactured in America (Chicago, IL) with aluminum that was melted, rolled and processed in the United States**
- ◇ Valance (Extrusion) – at Joining Ends [Aluminum]
- ◇ Two (2) Butt Hinges [Plated Steel]
- ◇ Handle [Plastic - Black]
- ◇ Two (2) Locking Draw Latches w/ keys [Plated Steel]
- ◇ Eight (8) Reinforced Corners [Plated Steel]
- ◇ Four (4) Plastic Bumpers – Hinge Side

3480 Cartridge Cases

#5030 ALUMINUM CARTRIDGE CASE

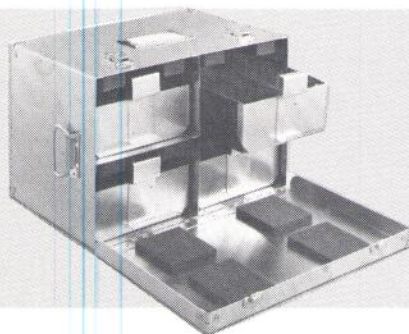

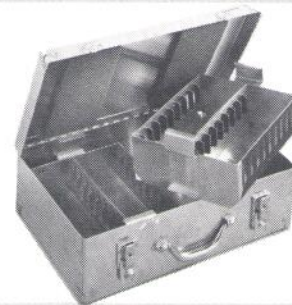

This case has a capacity of 1 to 20 cartridges and includes a removable tray with partitions. This case is made of high strength aluminum and has a steel tubular handle, a locking drawbolt, label holder, steel corners, a full length piano hinge and foam padding.

Size 13" × 9½" × 5¾"H

#5031 ALUMINUM CARTRIDGE CASE

This case has a capacity of 1 to 40 cartridges, and includes two removable trays. Each removable tray is made with partitions to hold 1 to 20 cartridges. This high strength aluminum case has a steel tubular handle, 2 locking drawbolts, label holder, steel corners, and a full length piano hinge and foam padding.

Size 19" × 12¾" × 5¾"H

#5032 ALUMINUM CARTRIDGE CASE

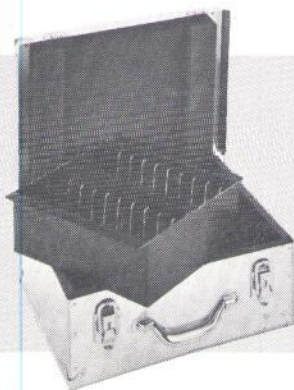

This case has a capacity of 1 to 80 cartridges, and includes four removable trays. Each removable tray is made with partitions to hold 1 to 20 cartridges. This high strength aluminum case has two end handles, two locking drawbolts, label holder, steel corners, a full length piano hinge, and foam padding.

Size 19" × 12¾" × 12¾"H

#5105 ALUMINUM CARTRIDGE CASE

This case has a capacity of 1 to 26 cartridges and is made of high strength aluminum with aluminum partitions and foam lining. It has a steel tubular handle, 2 locking drawbolts, label holder, steel corners and a full length piano hinge.

Size 16" × 12¾" × 6"H

#5106 ALUMINUM CARTRIDGE CASE

This case carries 1 "20-Pack" plastic tray and is made of high strength aluminum with custom fitted foam to hold the tray. It has a steel tubular handle, 2 locking drawbolts, label holder, steel corners and a full length piano hinge.

Size 16" × 12¾" × 6"H (Tray not included)

#5107 ALUMINUM CARTRIDGE CASE

This case carries 2 "20-Pack" plastic trays and is made of high strength aluminum with a partition and custom fitted foam to hold the trays. It has a steel tubular handle, 2 locking drawbolts, label holder, steel corners and a full length piano hinge.

Aluminum Check Cases

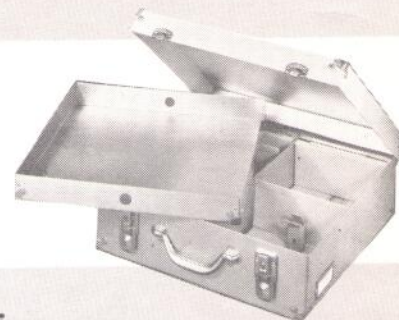

#3217 ALUMINUM CHECK CASE

High strength .050 satin aluminum (mill finish). Built in movable compressor plate and removable cover to permit processing directly from case without use of another tray. This 17½" long case has a sturdy black plastic handle, heavy duty drawbolt, cover anodized for easy stenciling or painting. Size - 17½" × 9" × 5"

#3227 ALUMINUM CHECK CASE

High strength .050 satin aluminum (mill finish), 2 compartments with built in movable compressor plates and removable cover permit processing directly from case without use of another tray. A 2 inch tray for reports or other documents fits in the case over the 2 check compartments and is enclosed by the cover. The anodized cover permits easy stenciling or painting. Case has steel tubular handle, label holder, 2 locking drawbolts.

Size - 17¾" × 17¼" × 6½"

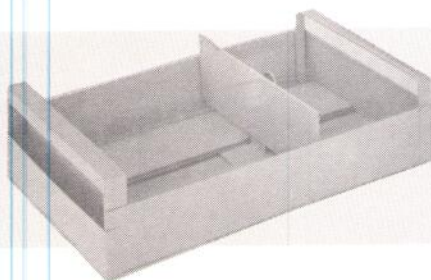

#3229 ALUMINUM CHECK CASE

High strength .050 satin aluminum (mill finish), 2 compartments with built in movable compressor plates and removable cover permit processing directly from case without use of another tray. The anodized cover permits easy stenciling or painting. Case has steel tubular handle, label holder, 2 locking drawbolts. Size - 17¾" × 17¼" × 4¾"

#3219 CHECK TRAY CASE

High strength .050 satin aluminum (mill finish). Designed to carry one 18½" check tray. Case has steel tubular handle, heavy duty drawbolt hasp, label holder on door and piano hinge. Top and back end anodized for easy stenciling or painting.

Size - 19¾" × 9¾" × 4¾" (Tray not included)

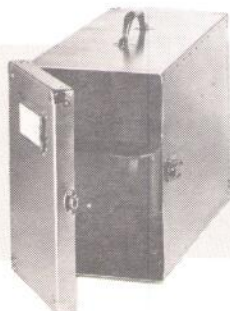

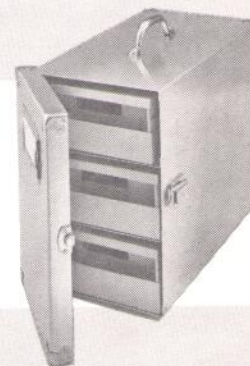

#8202 CHECK TRAY

All steel tray with movable compressor assembly, designed to be used with the #3219 or #3230 Aluminum Check Tray Case.

#3230 CHECK TRAY CASE

High strength aluminum case had 3 compartments to carry one #8202 Check Tray in each compartment. Since compartment is separated by a full shelf, the compartment can be used for trays or for reports. One, two or three trays may be transported at a time.

Size - 19" × 10" × 15"H (Trays not included)

#3232 CHECK TRAY CASE

High strength aluminum case had 3 compartments to carry one 22½" Plastic Check Tray in each compartment. Since compartments are separated by a full shelf, the compartment can be used for trays or for reports. One, two or three trays may be transported at a time. Size 22¾" × 10" × 15"H (Trays not included)

#3233 CHECK TRAY CASE (Not Shown)

Case similar to #3232 but for 23¼" Plastic Trays. Case has 3 compartments. Each compartment separated by a full shelf. #3233 case has 2 locking drawbolts.

Size - 23¾" × 10" × 15"H (Trays not included)

DISC PACK CASES

#5142 ALUMINUM DATA MODULE CASE

Each case is designed to carry one 3348 data module or equivalent and is made of high strength aluminum lined with polyester foam. It has a steel tubular handle, 2 locking drawbolts, mailing label holder, steel corners and a full length piano hinge. Size: 19" x 17" x 8½"H.

CDC
883

CAPACITY

- 1 3336 Disc Pack
- 3 Phoenix Cartridges
- 3 5440 Disc Cartridges
- 5 2315 Disc Cartridges

#5140

ALUMINUM DISC PACK CASE

Each vinyl clad aluminum case is fully lined with polyester foam, has a piano hinge, steel tubular handle, 2 locking drawbolts, mailing label holder and steel corners. 7" capacity. Size: 16" x 16" x 8"H.

#5138

ALUMINUM DISC PACK CASE

Each vinyl clad aluminum case is fully lined with polyester foam, has a piano hinge, steel tubular handle, steel corners and 2 locking drawbolts, 4½" capacity. Size: 16" x 16" x 5"H.

CAPACITY

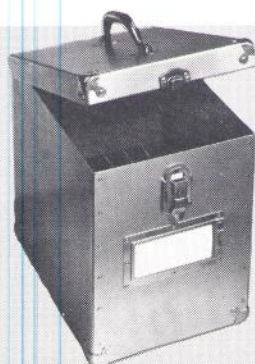

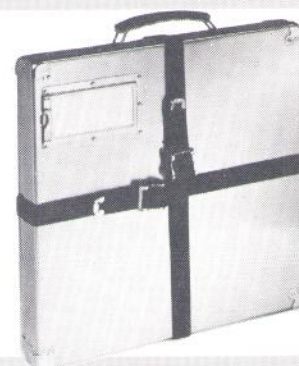

- 2 Phoenix Cartridges
- 2 5440 Disc Cartridges
- 3 2315 Disc Cartridges

CAPACITY

- 1 5440 Disc Cartridge
- 1 Phoenix Cartridge
- 1 2315 Disc Cartridge

#5136 ALUMINUM DISC MAILER CASE

This aluminum case is lined with polyester foam, has heavy duty straps, a mailing label holder and steel corners. 2" capacity. Size: 16" x 16" x 2½"H.

#5108 ALUMINUM DISKETTE MAGAZINE CASE

Each case has partitions which separate the magazines and permit carrying of partial loads conveniently. The case is made of high strength aluminum, has a piano hinge, steel tubular handle, label holder, steel corners, a locking drawbolt and polyester foam pads. Capacity - 1 to 4 magazines. Size: 9½" x 12¾" x 12¾"H.

3480 CARTRIDGE CASES

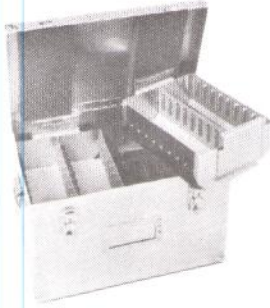

5000 Series

ALUMINUM STORAGE & SHIPPING CASES

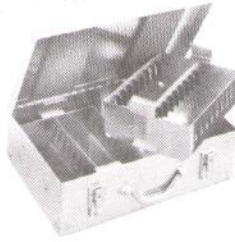

for

STANDARD 3480 DATA CARTRIDGES

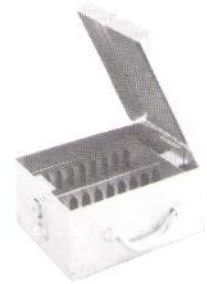

with removable trays

#5035 case for 1-80 cartridges

#5031 case for 1-40 cartridges

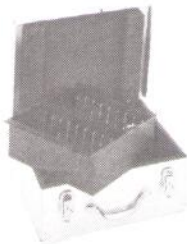

#5030 case for 1-20 cartridges

These **lightweight, secure** cases are made from **high strength aluminum** to offer **maximum protection** for your valuable data. **Removable, partitioned trays** safely hold one to twenty 3480 cartridges. These partitions, combined with **custom foam padding**, permit safe transport of **partial loads**. Each case features 1 or 2 **locking drawbolts**, **label holder**, and **full length piano hinge**.

The **5030 case** holds one to twenty cartridges in a **single removable tray**. The **5031 case** holds **1 or 2 trays**, for a total capacity of 1-40 cartridges while the **5035 case** holds **4 trays** or 1 to 80 cartridges. The 5030 and 5031 have a **comfortable steel tubular handle**, the 5035 features **2 end handles** for easy carrying.

5100 series for "20 Pack" PLASTIC TRAYS

(TRAYS NOT INCLUDED)

#5106 for one "20-Pack" Tray
(Tray not Included)

#5107 for two "20-Pack" Trays
(Trays not Included)

MICROFILM CARTRIDGE CASES

3800 SERIES

ALUMINUM SHIPPING & STORAGE CASES

for

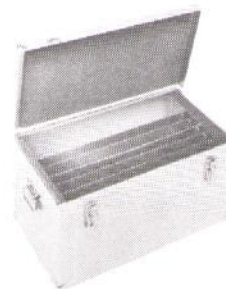

3890 and S1000 MICROFILM CARTRIDGES

#3800 case for one "3890" cartridge and 10 film boxes (boxes not included)

#3801 case for 1-3 "3890" cartridges

#3802 case for 1-6 "3890" cartridges

We are proud to offer the perfect solution to the problem of transporting your valuable microfilm to and from the processing lab. These **strong, durable, aluminum cases** offer a **lightweight, secure** way to safely transport microfilm cartridges and processed film. The sleek 3800 holds one "3890" microfilm cartridge securely within a **custom foam padded interior**. This case features a **specially designed bottom** which will accommodate ten "200 foot" boxes of processed film in addition to a reloaded cartridge for quick, convenient turnaround of your data.

The 3801 and 3802 models are perfect for **larger processing applications**. The 3801 holds **three 3890 film cartridges** firmly within **three** custom padded, hinged compartments. The 3802 holds **six 3890 film cartridges** vertically in individual compartments and a well padded interior.

All 3800 series cases feature 2 **locking drawbolts** for security, **full length piano hinge** for durability and **attached label holder** for convenient shipping. Models 3800 and 3802 have one **comfortable tubular steel handle** while Model 3802 has **two side handles** for easy handling.

#3810 case for 1-4 "S1000" cartridges (half)

#3811 case for 1 - 8 "S1000" cartridges (half)

For shipping your **S1000 cartridges** we offer two cases, the 3810 and the 3811. The **3810** holds 1 - 4 S1000 half cartridges and features one **steel tubular handle**, attached **label holder** and **locking drawbolt**. The **3811** holds 1 - 8 S1000 half cartridges within **individual partitions**, and features **two side handles**, attached label holder, and two locking drawbolts.
